

About Volcano island

Afio mai!

Welcome to Mangua mū Motu (Volcano island). This island is influenced by Samoa. How much do you know about Samoa?

Samoa is made up of volcanic islands that have formed over the last two million years. Some of its volcanoes are still active. The last eruption was on Savai'i in 1911.

What is your challenge to complete in this island?

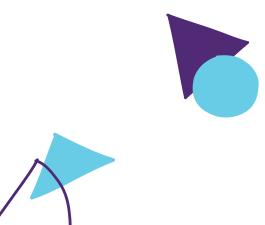

To collect the financial knowledge from Motu Mangua (Volcano island), you need to complete the challenge about 'Retirement'.

In the challenge, you need to answer at least 8 questions correctly about retirement to pass the challenge. If you need help answering any of the questions, there is an additional resources link next to the question that will contain the information to help you answer that particular question.

Please ask your teacher to mark your answers and if you don't get 8 questions correct, you need to try them again.

Manuia tele! Good luck!

Challenge questions

There are two sets of questions – easy or hard level. Please select your level and choose 10 questions to solve. When you complete, ask your teacher to mark your answers.
